Dear [Name],

Invitation as Sponsor of
The 8th International BIM Awards Conference

On behalf of IDTM•bSHK, I am pleased to invite you to be one of the sponsors for The 8th International BIM Awards Conference.

The International BIM Awards are to celebrate the outstanding and innovative contributions to BIM implementation from organisations and professionals. The conference is to recognise and encourage sustainable development, research and education within the industry. Prizes will be presented to awardees at The 8th International BIM Awards in December 2023. The awarded parties will be the spokesperson in The 8th International BIM Awards Conference in 2023.

In the previous years, over 3,000 applications were received worldwide, such as China, Japan, Korea, Singapore, United Kingdom, United States, Australia, Norway, etc. About 400 awards were presented to various organisations, for instance the Hong Kong Housing Authority, the Architectural Services Department, the Water Services Department, the CLP Power Hong Kong Ltd., the Ministry of Health, Singapore, Dalian Wanda Group, Henderson China Holdings Ltd., Balfour Beatty, China Construction First Building (Group) Corporation Ltd., China Construction Third Engineering Bureau Co., Ltd., etc. Additionally, the studentship award is set up to inspire and encourage students to learn BIM and develop their problem-solving skill. The sustainable category of this year's International BIM Awards encourages the project to enhance the awareness of sustainable development in the construction and use through the use of BIM technology.

This year, the awards conference will be composed of two sessions. The conference and awards ceremony will be held in the afternoon. Both sessions will provide opportunities for more than 150 construction practitioners to link up and exchange ideas. We will invite some overseas guest speakers and professionals to share their experience about the worldwide trend of big data and AI derived from BIM.
