Dear [Organization],

**Invitation as Supporting Organization of
The 8th International BIM Awards Conference**

On behalf of IDTM•bSHK, I am pleased to inform you that IDTM•bSHK is organizing The 8th International BIM Awards Conference in December 2023. We sincerely invite [Organization] to be one of the supporting organizations of the event.

The International BIM Awards Conference aims to promote BIM and recognise extraordinary achievements in BIM implementations worldwide. The awards will be granted to organizations, projects and students who demonstrate BIM in property development management, project management, construction management and facility management.

In the previous years, more than 3,000 applications were received worldwide, including China, Japan, Korea, Singapore, the United Kingdom, the United States, Australia, Norway, etc. Around 400 awards were presented to various organizations such as The Hong Kong Housing Authority, Architectural Services Department, Water Service Department, Henderson China Holdings Ltd., Dalian Wanda Group, Balfour Beauty plc and Shenzhen Huayang International Engineering Design Limited Company, etc. The sustainable category of this year's International BIM Awards encourages the project to enhance the awareness of sustainable development in the construction and use through the use of BIM technology.

This year, the awards conference will be composed of two sessions. The conference and awards ceremony will be held in the afternoon. Both sessions will provide opportunities for more than 150 construction practitioners to link up and exchange ideas. We will invite some overseas guest speakers and professionals to share their experience about the worldwide trend of big data and AI derived from BIM.

Details of conference and the awards presentation ceremony are as follows:

Date: December 1st 2023

Time: 2pm – 5pm

Venue: New World Millennium Hong Kong Hotel

Your support as a supporting organization would certainly be invaluable to the continued success of this event, there will be no financial commitments involved. Upon confirmation of your support, we will place the logo of your organization on our upcoming marketing collaterals and website. A booth for display and promotion and two tickets for the conference will be given as an appreciation of your support.

IDTM•bSHK is an independent association, it was established and registered in Hong Kong in 2013. Our main objective is to enhance the knowledge of information sharing and process reengineering by studying and practicing via the idea of “Open and Common” BIM.
